

MINUTES OF THE ANNUAL MEETING OF WOOLPIT PARISH COUNCIL HELD ON MONDAY 21 MAY 2012 AT 7.30 P.M. IN WOOLPIT INSTITUTE.

Present: Mr Wiley, Mr Guyler, Mr Jones, Mr Hardiman, Mr Smith, Mr Melvin, Mrs Parker, Mr Lomax and 5 members of the public.

Public comment: Mr Williams and Harry, Dan & Owen James spoke of the need for a skate park in the village. They have to go to Bury St Edmunds or Walsham Le Willows at present and feel there is a need for teen facilities in Woolpit. This will be made an agenda item for the June meeting. The boys and Mr Williams will come back with ideas of what is required, costings, surfaces and ideas where grant funding is available.

Mr Jenkins suggested that the pumps garden could be improved with additional trees for height and was willing to purchase some for the village. Cllrs will look at siting as concerns regarding the electricity supply in the area were raised. Mr Jenkins was thanked for his generous offer.

Mr Wiley advised that Mr & Mrs Burt and Mrs Cook are setting up a Youth Club in Woolpit Room. Cllrs welcomes the initiative and wish them every success.

P C Brown gave the Police report. There were 5 crimes reported between 16 April and 21 May including a burglary of a dwelling and theft from motor vehicle.

Speeding checks have been carried out in Heath Road and 6 motorists prosecuted. Vehicle usage of Masons Lane is being monitored. Robert Gardiner Almshouse Trust advising that MSDC has told them that PCs cannot submit the planning application for the almshouses as this is not a PC area of responsibility. **Mr Twitchett** complaint of parking on grass area in Meadowlands. The situation will be monitored. **Mr Wild** concerns regarding safety at junction at The Green. Mr Wiley will contact John Simpson with the possibility of making it a T junction and remove grass. *Action: Mr Wiley*

SCC has looked at our request for a layby in Mitre Close. Their engineer feels there is adequate room for vehicles to pass parked cars without issue and does not see a problem for emergency vehicles. Construction of a lay-by would mean reconstructing the footway, constructing a new section of road, kerbing and moving street lighting which would be prohibitively expensive. SCC would not support the request. **Mr Rice** advising he would object to a lay-by in Mitre Close. **SCC** John Simpson has noted our concerns regarding the quarry development at Lawn Farm and the fear HGV's will use Wood Road/Warren Lane to access A14 westbound. He would only consider imposing a weight restriction as a last resort as it is only as good as the enforcement it would receive. SCC does think there should be improvement of signing to the A14 Tothill Interchange at Warren Lane to ensure drivers are aware of the approved route. **SCC** response to various highways issues. Concerns regarding vehicles passing through the narrow section of Rags Lane – SCC has clearly identified the most appropriate route between the buildings with edge lining on both sides of the road. A "High Vehs" sign could be installed but is not recommended in the Conservation Area nor is kerbing. It may be time to consider looking at making Rags Lane one way and Mr Wiley will discuss with John Simpson SCC. Heath Road 30mph repeater signs. Many technical measurements have been received from SCC and the Clerk will ask John Simpson SCC to carry out work he considers necessary to conform and ask him to look into roundels painted on the road from Borley Green towards Heath Road. *Action: Mr Wiley/ the Clerk*

Mr Walker suggesting that the cost to change to intelligent street lighting and time to recover the expenditure through saving of energy costs be made known to residents. This will be included in August/September Dairy. *Action: the Clerk*

Cllrs object to this as the green area is a designated VIOS within the MSDC Local Plan. Plans for the replacement properties have been drawn up and were perused. This includes the purchase of a piece of additional land. It has been implied that 28-40 Steeles Road, although brick built are also not repairable.
